CUT THE HEDGES

In order to prevent accidents and to make traveling more enjoyable, hedges which have been allowed to grow unmolested should be trimmed to the height specified by law or taken out entirely. There are roads not many miles from Monett which the hedges almost meet across the road and vehicles could not pass each other without the occupants receiving a severe scratching. Someone is remiss in his duty.

DOMINGO'S MUSICAL EXTRAVAGANZA COMING TO MONETT

At last the famous Domingo's Musical Extravaganza has been secured to play at Rialto Theatre Thursday, Friday and Saturday, June 16, 17 and 18. This company is different from what you have seen in Monett before, as this is the only organization of its kind. Mr. Domingo, the director and manager, is a native Filipino, and the first Filipino violinist, graduate in Conservatory of Music, Madrid, Spain. He masters violin, ukulele and steel guitar well. Many Hawaiian musicians received their musical education from him while his two years' stay in Honolulu. He is bringing here his American singers and players under his personal direction, three American girls and four boys. Violin, ukulele and steel guitar solos, yodlers, whistlers, soprano, duets, trios, quartets. "Minda," the famous hula-hula dancer Hawaiian, Filipino, Spanish, European and American music. You wonder what comes next. Change program daily. If you hear this program you will hear Hawaiian melodies, Filipino, Spanish, European and American music. Is it not enough to please you?

SUNDAY SCHOOL CLASS OUTING

A. S. Squibb's Sunday school class enjoyed a two day's outing at McDowell last week. They report a very enjoyable time as it rained nearly the whole time they were there. Fishing was very good, one of the boys catching one about an inch long and quite a few little ones.

While the trout line was being set "Brid" encountered a bear, which he shot at but, as luck was against him, missed. A midnight tick hunt was enjoyed by several members of the party, followed by a one course luncheon consisting of toast and water. The ones who reaped the greatest harvest of ticks were Richardson and Steele.

Breakfast was served Friday morning at 8:30. It consisted of eggs, toast, hominy, bacon, coffee and bread. Dan Taylor was first and Fred Steele second in the egg eating contest. Dan ate nine and Fred eight. They arrived home Friday afternoon. ONE PRESENT.

WHY SUFFER FROM RHEUMATISM

Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to any one afflicted with rheumatism.

A dozen citizens of Hollister are regretting the fact that they listened with favor to the smooth talk of a stock salesman who succeeded in unloading about \$6,000 of chain store stock on the community. Sometime ago it is said a representative of the Industrial Transportation company, an organization with headquarters at Little Rock, Ark., came here and put up his proposition to a number of the Hollister capitalists. The inducements held out by him were so alluring that a number of the best business men "fell" for the proposition and put up their notes and cash to buy stock in the enterprise. They were not disillusioned until the other day, when the newspapers brought the intelligence that the concern had gone into the hands of a receiver. The fact that the Hollister people never received any stock or other valuable consideration for their investment and that the company never drew the money or cashed the notes, which are said to be still in the bank here, is ray of hope to the victims that they may be able to cash out without serious loss.
